For GKM, it is only OT for career employees. If others worked extra hours on other issues, then they can get comp time.

Subject: OT for Gold King Mine

Roxanne,

Cathy has asked me if she could get comp. time for the after hours time that she has worked on the Gold King Mine response. I thought you had said earlier that comp. time was o.k., but I saw your e-mail earlier today that said we should only be applying for Overtime. Can you let me know; I want to make sure she puts in the correct request in People Plus. Thanks, George
